

# Riverware Viewer

Current Development and Needs Survey

Brian Eyster - CADSWES

# Motivation

---

- No-cost Riverware model file viewer
- Stakeholders
- View model files
  - Rulesets
  - SCT
- Generate output files
  - Plots
  - Output DMI
- Prevent accidental model changes
- Parallel Riverware releases

# Additional Requirements

---

- Prohibit model runs
- Limit model editing
- Allow model saving
- View Model File Info
  - File date, username, Riverware version
- Printouts and titlebars display "RiverwareViewer"

# Status

---

- License mechanism
- Only limit top-level data editing
- Available in several weeks
  - Each major/patch release

# User Experience

---

1. Download latest Riverware
2. Obtain FREE license from CADSWES
3. Installation with documentation
4. Run Riverware and view models

# Needs Survey

---

- Other functionality for RiverwareViewer?
